COLLEGE OF ARTS AND SCIENCES

THE COLLEGE BUILDING

DEPARTMENTS

(Continued from January Issue)

Chemistry and Chemical Engineering This department, in the College of Technology, offers work also leading to the B.A. degree. Students are required to meet University and College requirements and only the most basic subjects. Many graduates with the B.A. degree in Chemistry, are managers, superintendents and assistant superintendents of industrial plants, heads of departments, chief chemists and research chemists in industrial and Government laboratories, teachers in secondary schools and universities, lawyers, physicians, and homekeepers.

Economics and Sociology The work of the department deals with the principles and problems of our economic and social life. Some of the courses have a business aspect, but social and economic welfare is the primary aim. Since many of the problems studied have such a political significance, it can be said that the department trains for citizenship. The graduates go mainly into law, teaching and business.

History and Government The department offers courses in American, European, British, and Canadian history; also in government. The general aim is to train for intelligent citizenship. The work is planned to prepare students for teaching, for graduate study and research, and for the study of law.

Mathematics and Astronomy The department is well equipped with the apparatus necessary for its courses, including an observatory housing an eight inch equatorial telescope and accessories, a combination astronomical transit and zenith telescope, sextants, and other important instruments. The department furnishes instruction leading to the B.A. and M.A. degrees to the students in the College of Arts and Sciences. In addition to this, it prepares students in the Colleges of Technology and Agriculture to carry on advanced work.

Philosophy Through such courses as Orientation—a preliminary survey of the nature and relationships of the various fields of study; History of Philosophy—an account of the most notable general ideas of the past; and tutorial conferences devoted to study of the philosophical aspects of the student's major subject—the department of Philosophy attempts to clarify perspectives and extend horizons.

Physics The work of the department is confined to a study of Mechanics, Sound, Heat, Light, Electricity, and Magnetism. The first courses cover the whole field while the advanced courses cover more limited fields in a more intense manner. The students after graduation go on for further work in other schools, teach, enter the large research laboratories or in other lines use the methods of clear thinking developed by a study of physics.

Psychology Concerning its courses and procedures, the department has in mind certain fundamentals: A. Thru a combination of lectures, class-room demonstrations and laboratory exercises thoroughly to acquaint students with the basic facts of psychology; B. Thru more advanced courses to enable those preparing for the teaching profession to understand better educational procedures, C. To enable those who plan to enter business or the professions to apply intelligently the facts of psychology.

Zoology The work in this department is intended to give the student a knowledge of the animal kingdom and its relationship with the rest of the world. The elementary courses stress man's place in the scheme of life while the advanced courses aim to give the more technical training which is needed for graduate work, teaching, or the study of medicine.

February, 1932

IN THE EARLY SEVENTIES

A Brief Glimpse of the First Graduate of the Maine State College and the Events Surrounding the First Commencement

AUGUST 7, 1872 marks the date of the first commencement of the Maine State College, when Benjamin Flint Gould became the first man to receive a diploma from the institution that thousands of men and women now claim as their Alma Mater. From historical material available both in the University Library, and through the kindness of John M. Oak, '73, of Bangor, the following sketch of events during the early seventies has been compiled.

FIRST COMMENCEMENT

Six men received diplomas at the first commencement, which was held in the Orono Town Hall; during the morning program, these same six men all gave speeches. The exercises that were to be so significant in later years, and which were certainly important at the time, began with the playing of music, followed by a prayer. The first speaker was George Omer Weston, who spoke upon "Republicanism"; immediately following came Eber Davis Thomas on "Our Republic—Its Safeties and Dangers," Edwin James Haskell on "Educated Labor," Heddle Hilliard on "Magnetic Telegraph," George Everett Hammond on "Chinese Immigration," and ending with Benjamin Flint Gould, who spoke on "Maximilian." Then followed in succession music, the conferring of degrees, the awarding of prizes, and a final selection of music.

George B. Loring of Salem, Massachusetts, gave at three o'clock in the afternoon the main address of the day. At half past seven in the evening, the Mendelssohn Quintet Club of Boston presented a concert at the Methodist Church in Orono. For this event, a special train was advertised to leave Bangor late in the afternoon to arrive in Orono in time for the concert.

FIRST GRADUATE

Benjamin F. Gould, the first man to receive his diploma from the Maine State College of Agriculture and the Mechanic Arts, now lives on a large ranch in Colusa, California. He is a very modest man, and although during his life as an engineer he has had a very busy and active life, he has treated the matter lightly. His remarks, however, should be of interest to all alumni of the University, as they give a brief insight into the life of a pioneer of the University.

"I was born in the town of Madison, December 25, 1852," writes Mr. Gould. "At the age of eight I walked the railing of the bridge across the Kennebec River, a feat which I have always considered the outstanding achievement of my life. In 1868 I was admitted to what is now the University of Maine,

for no reason that I know except that the Institution, in order to function, had to have pupils. Am a prohibitionist in theory but not always in practice—have been a Republican all my life, voted for a Democrat now and then, but hope to be forgiven."

Mr. Gould has passed most of his life on the Pacific coast. He is, and has been for the past ten years, President of the Board of Trustees and Manager of Reclamation District 1004 in the Sacramento Valley, California. Mr. Gould hopes to attend the coming commencement in June. He ends his remarks with this significant and telling statement, "To me, Maine is and always has been, Home." Mr. Gould has the reputation of being one of the most popular and outstanding members of the first two classes during his college course, as he was a leader in social, scholastic, and athletic activities.

BENJAMIN FLINT GOULD
First Graduate of the Maine State College

ORIGINAL AIMS

It is interesting to note what the original aims of the University were, as reproduced in the *Crucible* for 1873, the first student magazine of the College and the forerunner of the *College Review*, the *College Reporter*, the *Cadet*, and the *Campus*. The quotation below shows in a small way the deep thought that students of the time placed upon what the Maine State College should do for its students. The point emphasized time and again

throughout the early publications was that the college course should be practical throughout, study being aimed to fit the student for the work he intended to enter upon graduation.

"The object of this Institution is to give to its graduates a liberal education, and at the same time an education, which is capable of being made more practical than that given by the classical colleges. With this in view, it confines itself, chiefly, to researches, and instruction in mathematics and the natural sciences, not excluding other branches of study which are consistent with its object. Her mission in the future must be to educate the sons and daughters of Maine, to dignify manual labor, and at the same time, by the application of science to art, to render the tasks of industry so light that productive employments may gratify the senses with gentle exercise, delight new formed intellectual powers, and insure success."

FIRST PUBLIC EXERCISE

The first public exercise to be held at the Maine State College was the Prize Declamation by the Sophomore class, held on the evening of August 2, 1870, at the Methodist Church in Orono.

The committee for this important event included: B. F. Gould, E. F. Fisher, and W. H. George.

Additions to Collections

The collection of historical material of the University has recently received several interesting additions which date back to the early days of the institution. Dr George H. Hamlin of the class of 1873, who served as librarian from 1874-84, and 1886-88, presented the University with two record books in use in the library during that period. One book is a catalog index of the books in the library and is dated 1879. The other contains a record of books loaned and fines imposed upon delinquent faculty and student members of the University.

John M. Oak, also of the class of 1873 and a life-long friend of Professor Hamlin, has added a notebook to the collection in which he kept his notes of several lecture courses including a course by Professor Stephen F. Peckham, Professor of Chemistry, four courses by President Fernald, and abstracts from lectures by Professor X. A. Willard on Dairy Farming which he had clipped from the "Maine Farmer." The notes are indexed in part and are entered in excellent handwriting and are a good example for some present day students to follow. Mr. Oak sent the book with this comment: "Of no particular value—only shows how we got our education sixty years ago."

Mrs. Whitman H. Jordan, wife of Dr. Jordan of the class of 1875, has given the University a relic in the shape of a portion of the bell which hung in White Hall, later known as Wingate Hall, previous to the fire of February 9, 1890, when the building was destroyed. The piece of wrought iron which evidently held the tongue of the bell was recovered after the fire and had been preserved by Dr. Jordan.

Mrs. Jordan also contributed a picture of the campus taken from across the Stillwater River showing Oak Hall, White Hall, and the Chemical Laboratory, now Fernald Hall. Only four trees are visible on the campus of that era.

Mrs. James E. Dike of Orono presented a tinted scale drawing of the campus made by Mr. Dike, '76, in March 1876 as part of the work required in Civil Engineering. The drawing has been framed and hangs in the Registrar's office, and shows in marked contrast with the campus of today the wonderful development which has been made at the University since 1876. Mrs. Dike also contributed a collection of photographs of members of the faculty and her husband's classmates of 1876.

University of Vermont recently received an unrestricted bequest of \$10,000 from a friend of the institution.

Reunion Class Officers

Members of reuniting classes take heed! Below is a list of officers for all classes holding reunions in June. The latest addresses are given in each case, so that you may obtain information concerning your class affairs for Commencement Day, if you are not already familiar with it.

- 1930—Pres., Mr. William H. Daley, 415 Congress St., Portland, Sec., Miss Pauline Hall, 59 Fletcher St., Kennebunk
 1922—Sec., Mr. Ian M. Rusk, West Townsend, Mass
 1921—Sec., Mr. Winthrop L. MacBride, 242 Delaware Road, Kenmore, N. Y.
 1920—Pres., Mr. A. B. Lingley, 142 Lyndon Road, Providence, R. I.; Sec., Mr. W. W. Chadbourne, College Avenue, Orono
 1919—Sec., Mr. Oscar Whalen, 105 Water Street, Eastport
 1907—Sec., Mr. Elmer J. Wilson, 90 Exchange St., Lynn, Mass
 1903—Sec., Mr. Paul D. Simpson, Sea Side Inn, Seal Harbor, Maine
 1902—Sec., Mr. Henry E. Cole, 6100 Stanton Avenue, Pittsburgh, Pa.
 1901—Sec., Mr. Fred M. David, 7 So. Dearborn St., Chicago, Illinois
 1900—Sec., Mr. H. F. Drummond, Box 4, Bangor, Maine
 1884—Sec., Mr. L. W. Cutter, 65 State Street, Bangor, Maine
 1883—Sec., Prof. L. H. Merrill, 178 Main St., Orono, Maine
 1882—Sec., Mr. Will R. Howard, Belfast, Maine
 1881—Sec., Mr. H. M. Plaisted, 4413 Page Blvd., St. Louis, Mo.

The Picture on the Cover

Appearing on the covers of the December and January issues of the *Alumnus* were snow scenes of the University campus. During the two months in question, the ground was scarcely besmudged with snow; each month the editors believed that old man Winter was just around the corner—each month turned the wrong corner. In the present issue, it was decided to use a summer picture, as being more indicative of what the weather really has been in Maine, but now an imposing blanket of snow covers the Orono landscape! The only consolation is that it may rain before long, thus making the cover picture more appropriate for a change.

During the fiscal year ending last June 30, over \$850,000 was added to Bowdoin's endowment by gifts and bequests, making the total \$6,300,000.

Alumni in Politics

Two alumni have made notable achievements in the field of politics recently. J. G. Wallace, '06, has been appointed the first city manager of the city of Bangor, and William N. Rogers, '16, a graduate of the Law School, was elected representative to Congress from New Hampshire.

Mr. Wallace, who began his new duties as manager of the city of Bangor on January 1, was a member of Beta Theta Pi, while attending the University, and graduated in the class of 1906.

William N. Rogers, Democrat, was elected to Congress from the first New Hampshire district, thus upsetting a normally Republican stronghold for the first time in a decade. He was elected to the House in 1922, is 40 years old, married, and has two daughters.

The "Kidder" Still Stands

A short bulletin containing a reference to the 18th edition of the "Kidder" was recently received in the Alumni Office from J. N. Hart, '85, Dean of the University. The 18th edition of F. E. Kidder's "Architects and Builders Handbook," recently published, has seen almost fifty years of continuous and reliable service. Frank E. Kidder, '79, also designed Wingate Hall, Coburn Hall, and the old Phi Gamma Delta House here on the University campus.

Maine Men Candidates for Governor

Three University of Maine graduates and a trustee of the University are all candidates for the governorship of the State of Maine. The list includes: Louis J. Brann '98, of Lewiston, Democrat; James B. Perkins, a graduate of Bowdoin College, and the University Law School in the class of 1909, Democrat; Lewis O. Barrows '16, of Newport, Republican; Frank P. Washburn, State Commissioner of Agriculture and a graduate of Massachusetts Agricultural College, Republican.

A Record in Class Letters

When you talk about Class Letters, Group Letters or Round Robins, 1884 takes the prize so far as can be learned.

Leslie W. Cutter of Bangor, secretary of the class, tells us that following graduation six members of the class, including one of their "co-eds," started a class letter which has been continued to date.

Three of the six are now living.

ATHLETICS

Policies

Perhaps but few people realize what constitutes the present athletic policy of the University. The objective, in all cases, is the state meet. To this end, events are scheduled with out-of-state teams at the beginning of the schedule, so that the team's highest efficiency may appear in the State Series. In football, 1932, Yale's place in the schedule will be replaced by Holy Cross, because Yale plays Bates at that time, their athletic policy not allowing more than two consecutive games with a small college. In 1933, Holy Cross will be replaced by Yale; Dartmouth will appear on the schedule in place of Yale in 1934. Together with Rhode Island and Connecticut Agricultural Colleges, and New Hampshire University, these games constitute the training for the three State Series games with Bates, Bowdoin, and Colby, with the exception that Lowell Textile at Orono will take the place of Connecticut Agricultural in 1933. In track, meets preceding the State Meet this year include Bates, Dartmouth, and Springfield College. Thus, although the goal is the State Series in each instance, out-of-state competition provides variety in the schedule.

Criticism of athletic policies is bound to occur, whatever happens, for it is practically impossible to satisfy the wishes and ideas of everyone. For instance, in football, games with colleges larger than the University receive criticism on both sides—that Maine should not play against larger teams, and, on the other hand, that more large college teams should be played outside the state. In the first instance, fears are expressed that the smaller team is out of its class and that serious injuries too often happen in such cases; yet Maine has played Yale for the past two years without any serious injuries to its players. In the second case, it is argued that if the University plays the same teams in its own class year after year, that eventually it will get into a rut and find too much satisfaction in comparatively small accomplishments. The University, however, from its own calling, should be representative of the State of Maine, and the present policy places the State Series above out-of-state games. An argument often heard to support the contention that Maine should easily win over the other

Varsity Track—Indoor

May 21	New England Championship Meet	
May 28	Interscholastics	Orono
	Prep and High Schools	

J. MILTON SIMS, '32
Captain of Football

three Maine colleges because of its larger size, is misleading. One must remember that the University of Maine is not primarily an arts college, as are the other three state colleges. Engineers and those studying agriculture have field courses in surveying and the like that occupy most of their afternoons during the fall and spring months, and consequently find it impossible to arrive on the gridiron, the baseball diamond, or the outside track until long after those pursuing the arts course report. Consequently, practice is considerably interfered with, especially in coordinated teams such as baseball and football.

The University of Michigan has appointed a vice-president in charge of University Relations. He will supervise all extra-mural activities.

Championships

How many readers of the *Alumnus* realize that at the present writing their Alma Mater holds the state championship titles in every varsity sport in which it has been entered during the last year? Championships include: Winter Sports—won last year from Bates, 49 to 17; Baseball—tied with Colby, both teams having won 7 and lost 4 games; Track—won for the fourth consecutive year, Maine 45, Bowdoin 42½, Bates 32½, Colby 14; Football—Bates, 9 to 6; Colby 19 to 7; Bowdoin, 20 to 0; Cross Country—Maine 27; Bates 30.

B. A. A. Meet

The University will not enter a track team in the B. A. A. Meet to be held in Boston February 13, but has substituted in its place the University Club Meet, which will be held for the first time in Boston, February 20. The University Club Meet will include only universities and colleges in New England, and competition will be divided into classes, according to the size of the college. In the same class as Maine are found: Amherst, Connecticut Agricultural, Middlebury, Massachusetts State, Rhode Island, Trinity, Williams, Wesleyan, Bowdoin, Bates, Colby, Tufts, Worcester, Boston University, Norwich, and Vermont. Thus, instead of competing against an open field of amateur athletes, as was the case in the B. A. A. Meet, the University will be more in its class, and will consequently be able to give a more representative showing.

Freshman Track—Indoor

With the Local Associations

Penobscot Valley Meeting

Alumni in Bangor, Orono and Old Town and their vicinities will have the opportunity of attending a chicken banquet and dance when the association meets in Dahlberg's Hall, Columbia Street, in Bangor February 9, at 6:45 P.M. Tickets are being sold at \$1.25 per plate, there will be NO extras when it comes to a question of finances. Alumni are invited to bring along their cards and card tables if they prefer to play bridge in place of dancing. It is hoped that this will be a very informal and happy gathering, with few speeches, plenty of chance to get acquainted with other alumni and alumnae, and something of interest for everyone.

Pulp and Paper Alumni

Hear Ye! all Pulp and Paper alumni who expect to be in New York City during the week of February 15. A dinner will be served to University of Maine alumni at the Hotel Governor Clinton, on Tuesday, February 16, 6.00 P.M., the price being \$1.75. The dinner will be very informal, "no frills or foibles, no set program, just opportunity for Maine men interested in a common subject to get acquainted and have two hours together." If possible reservations should be made in advance.

White Mountain Alumni

At the annual elections of the White Mountain Alumni Association held in December the following officers were elected for the coming year: President, C. H. Goldsmith, vice-president, Carl Phipps; treasurer, Benjamin Hoos; secretary, W. W. Webber.

At one meeting this month, which was held last Wednesday, January 13, we journeyed down to Philbrook Farms at Shelbourne and dined with our good old pal, Lawrence. It was one of the most sociable evenings we have ever had and the entire evening was spent in a regular stag bridge party after the bountiful meal Phil set before us. Next month, if we have any snow up here, we are going to the Glen House for our meeting, as it is very close to Mt. Washington and offers a wonderful opportunity for sking and tobogganing.

Walter W. Webber, Sec

Schedule of Meetings

- Feb. 1, 8, 15, 22, 29 New York Luncheon (Every Monday at 12 30) Planter's Restaurant, 124 Greenwich St., Third Floor
- Feb. 8 Providence, Rhode Island—Monthly Luncheon (Second Monday of each month) Dreyfus Hotel at 12, Noon
- Feb. 9 Penobscot Valley Alumni Meeting, Dahlberg's Hall, Columbia St., Bangor, 6 45 P.M. (No Extras)
- Feb. 13 Philadelphia Luncheon, one o'clock, Adelphia Hotel
- Feb. 15 Boston—Informal Dinner (Third Monday of each month) City Club, 6 30 P.M.
- Feb. 16 Pulp and Paper Dinner, Hotel Governor Clinton, New York City, 6 P.M.
- Mar. 9 Portland Alumni Meeting—Sunrise Room of the Eastland Hotel

MRS. BLANCHE WEBSTER
President, U of M Women, Portland

Portland Women's Club

The annual meeting of the Portland Club of University of Maine Women was held on December 3 in the club rooms of the Y.M.C.A. The following officers were elected: President, Blanche Webster; vice-president, Louise Kincaid, secretary, Dorothy Henderson; treasurer, Eirena Luce; chairman entertainment committee, Pauline Belyea, flower committee, Alice O'Brien; publicity committee, Barbara Johnson; membership committee, Aleida

Boston Meeting at City Club

Just twenty members attended the December meeting of the Boston Alumni Association which was held at the Boston City Club on the evening of the 21st.

After a very successful and sociable evening meal, those present gathered in a private room for a brief meeting. President "Joe" McCusker either read or related many amusing incidents from the early history of the University of Maine as reported in Dr. Fernald's well-written book. Later Joe, just to show his versatility, assumed the role of a pseudo-Santa Claus and dispensed more or less valuable gifts to everyone. Needless to say, these articles from St. Nick carried with them many a good laugh.

The evening, which was regarded as a success by all who attended, was brought to an end by bowling matches.

H. H. Ayer, Secretary

Big Portland Meeting

Portland alumni are planning for a large meeting to be held in the Sunrise Room of the Eastland Hotel on March 9. The meeting will be inexpensive. All alumni in and around Portland should be on the lookout for further information about the meeting in the *Alumnus*, the press, and correspondence.

Will There Be a Bath Association?

A small group of alumni in and around Bath met recently with Charles E. Crossland, executive secretary, in the offices of E. W. Bridgeham, '09, to consider the possibilities of organizing an alumni association in Bath and its environs. Mr. Bridgeham and W. E. Brawn, '17, were elected to find out the sentiment of those about Bath on the subject. A meeting will be held at some later date if their findings seem to warrant it.

Morton Mrs. Evans Carlson (Estelle Sawyer) spoke on Chinese customs and costumes. Following this travel-talk, games were played and refreshments served by the hostesses, Blanche Webster, Lena Shorey, and Florence Withee.

On January 7 a meeting was held with Barbara Johnson and Ferne Ross acting as hostesses. During the business meeting the treasurer reported a balance of 32 cents with the watch that we shall present next June selected and paid for. Following the business meeting, the president introduced Miss Harriet Dively, Executive Secretary of the Western Maine Division of the Camp Fire Girls.

Dorothy F. Henderson, Sec.

On The Campus

Dorm News

Hannibal Hamlin Hall had its first fire of the season on January 5, when a waste basket burned on the top floor, igniting the curtains of a window and the window casings. Damages included the loss of three towels, a camera, and some souvenirs and banners.

A "practical joker" left a package of phosphorus on the desk of a freshman recently, planning to use it later on in the manufacture of miniature smoke screens. The unfortunate freshman, coming home after classes, noticed the package on his desk, picked it up for closer observation, suffered painful burns that necessitated hospital treatment when the moisture and heat of his hand ignited the chemical. The afflicted student is now back in school.

Real News

The Freshman, a mimeographed news sheet which appeared on the campus recently and which is published weekly, is making a reputation for itself. It contains a well balanced selection of write-ups covering athletic events, society news, art work, feature articles, and general news items. One of the most important things possessed by *The Freshman* is the feeling it gives of personal contacts throughout the class. Comical remarks on fellow classmates are frequent. Many of the articles are serious, however, and contain much food for thought. Although this freshman publication consists of only five mimeographed sheets, the *Maine Campus*, weekly student paper, will have to keep stepping if it expects to keep up with the news value found in the younger and less aristocratic paper.

Debates

Debaters from the University of New Hampshire will journey to Orono on February 18 to participate in a debate on the subject, Resolved: that Congress should enact a legislation providing for the centralized control of industry. On March 7, the team will debate New York University, here on the campus. Other debates scheduled include a trip culminating in New York City against New York University before the New York City Kiwanis Club. On the way to New York, the team will debate New Hampshire, Boston University, Rhode Island, and others not yet announced. On April 12 a dual debate has been arranged with Colby.

In the first debate of the season, the team lost to the University of Vermont.

MALCOLM G. LONG, '32
Recipient of Hovey Scholarship

Hovey Scholarships

Received by three undergraduates of the College of Technology were the three Hovey Scholarships of \$150, as announced by President Boardman in the *Maine Campus* recently. Awards were made to Kent F. Bradbury, '34, Hollis L. Leland, '33, and Malcolm G. Long, '32.

Science Seminar

On Wednesday noons, a comparatively new group of faculty members meet in the dining room of Merrill Hall for luncheon and discussion on various forms and phases of science. The program for next month includes a series of talks by faculty

Vodvil Night

Vodvil Night, held in Alumni Hall January 15, continued an annual event started three years ago, when fraternities and sororities, at the invitation of the M.C.A., gathered to present a series of stunts. Two silver loving cups were presented for the two best productions shown, the SAE's winning the fraternity cup, and the Tri Delt's the sorority cup. The SAE's presented an interpretation of the shooting of Dan McGrew; the Tri Delt's gave a tragedy, *The Fatal Quest*. Fourteen other organizations competed during the evening.

Play Day at Colby

Six co-eds, accompanied by Miss Lengyel and Miss Rogers, of the Physical Training Department, attended the annual Intercollegiate "Play Day" sponsored by Bates, Colby, Maine and New Hampshire, and held in Waterville on January 16. The motive of Play Day is to stimulate good fellowship among the girls of the respective colleges. Girls attending from Maine were: Winifred Cushing, Blanche Henry, Emily Thompson, Francis Johnson, Marjorie Moulton, and Dolly Dunphy.

members telling in a general way those advances in their field that the rest of those present should know.

KATHERINE W. TRICKEY, '32
Received Maine Seal

Maine Seals

Three co-eds recently received Maine Seals for outstanding work in athletics. This award is the highest that can be won by women at Maine in athletics. Recipients included: "Kay" Trickey, '32, "Polly" Brown, '33, and "Marnie" Smith, '33.

Women Lose Argument

The women's debating team lost their first debate of the season to Bates on January 18 when they endeavored to uphold the negative side of the question, "Resolved, that Congress should enact legislation providing for the centralized control of industry."

The Maine Alumnus

Published monthly by the General Alumni Association of the University of Maine from October to June inclusive.

Editorial and business office, Orono, Maine

Entered as second-class matter at the post office at Bangor, Maine, under act of March 3, 1879

GENERAL ALUMNI ASSOCIATION

Officers and Council Members

1931-32

President, Arthur L. Deering, 1912, Orono

Assistant Secretary, Frank F. Barrows, 1931, Orono

Editorials

Alumni Dues

Alumni probably realize that this year is a difficult one for the Alumni Association because of the decrease in the

number of dues payments.

The heart is no less willing, but in many cases payments just cannot be made. This is especially true of the younger alumni, who for several years past have demonstrated their interest by excellent response.

The Association expenses are being "pared down." The *Alumnus* is the largest item in the budget, and everything possible is being done to cut down the expenses of publication without too seriously impairing the worth of the magazine.

What the Association accomplishes depends very largely upon what alumni do—in the form of dues payments. If your dues check is not on the way—or already in—may we urge immediate action!

Can It Be Done?

Can the colleges and universities place greater emphasis on character and ideals, as suggested in the last *Alumnus*? Should they?—and if so, how?

Evidently the editorial, "Happy New Year," struck both responsive and reactionary chords. Endorsement and questioning was the result. Some say that if those highly desirable fundamentals of life have not been "driven home" before students come of college age, then there is not much hope of ever reaching them. That this is a duty assigned to the home and to the church may be the next step back in that line of thought.

Can it be that our educational system, however, including the colleges, which has boys and girls, young men and women, under its influence for eight or more months annually throughout a comparatively long span of years, cannot and should not instil high standards of thought and action into the minds of those in their charge?

To admit that it should not make such an effort would appear to be an admission of great importance.

Of the need, there seems to be not much question. To say that it cannot be done—well, that only needs someone to show that it *can* be done, indeed perhaps is being done in a limited way even now.

One point is reasonably certain. Such standards could not be taught as a subject, and yet they can be taught all the time. There is scarcely a phase of college life where there is not an opportunity to teach by example, by act, by spoken word: on the athletic field, in the classroom, at social functions.

It seems as though much of college life—of all life—is commercialized. People expect reimbursement for so many things, which after all, if given in good spirit, would add to the joys of life. Is a life that depends largely upon obtaining satisfaction on what must be bought the type colleges and universities are encouraging? Cannot character and ideals go hand and hand with a life centered on economic advancement? Yes!—most certainly, if each has its proper place.

Coming back to that question of "how?" In the final analysis, doesn't it boil down pretty largely to the contacts between faculty and students? If there is positive, outstanding, even enthusiastic, evidence of these traits, will not the students, consciously or unconsciously, absorb them?

This question applies equally well to the advisability of the student having the proper attitude toward the institution that he is attending. If the faculty attitude is characterized by an earnest desire to assist the student, by a noticeable desire to raise the academic level, by confidence in the administration, and by enthusiasm for the college or university, there can be no doubt but what students will leave with greater respect for, and confidence in, their alma mater.

But why leave this entirely to faculty? Alumni, by their actions and support, by deep and intelligent interest, can render material assistance in moulding the thoughts of undergraduates towards their chosen school and towards life. This can be carried a step further. Older alumni have a very marked influence in determining the attitudes of young alumni, a year or two out. Contacts with undergraduates and graduates may be either frequent or rare, but those contacts surely can be made to count for the future welfare, or otherwise, of the student and his attitudes on character and ideals as applied to college and to life.

One Alumnus Saw Another Two alumni, driving home from work one evening recently, had with them the latest copy of the *Alumnus*.

Before many minutes, one of them was carefully scanning the magazine with the aid of a flashlight. We hope that he found enough interesting material to warrant such an effort. How do you react? Is there something lacking that you would like to see? Is there some phase of the magazine that you consider worthless? Don't keep such information to yourself—let us know!

Lehigh Valley Association Has Baked Bean Supper

Mr and Mrs. E. N. Woodsum delightfully entertained the members of the Lehigh Valley Association at their home on Lehigh Mountain, Saturday evening, January 16. A typical New England Saturday night supper was served, consisting chiefly of baked beans, brown bread, rolls, coffee, and apple pie.

After the supper the club members gathered around the fireplace, exchanging stories and singing songs; dancing followed.

The following members of the Philadelphia Chapter were present: Mr. and Mrs. Valentine, Mr. and Mrs. Hayes, Mr. Fred Ames, Mr. John Ames, and Mr. J. A. Vickery.

L. E. Curtis, Jr., Sec.

Winter Sports

The University was represented at the Lake Placid Winter Sports Meet during December 30-31 and January 1 by a team composed of Leif Sorensen, '33, Manager; Donald Green, '34; Winston Robbins, '32; Harry Booth, '33. Maine scored a triple tie for third place among the 17 colleges entered in the meet, gaining the following places: Sorensen—sixth out of 25 contestants in the ski jump; Green, seventh out of 27 in the cross country ski race; Robbins and Booth third and seventh respectively in the long distance snow shoe race.

Cornell is now receiving frequent gifts and bequests which is in considerable measure due to their Cornellian Council, an alumni organization which aims to interest alumni and others in making gifts and bequests to their University. During April bequests were received amounting to over \$600,000.

The University of Minnesota has received since 1857 private gifts totaling nearly \$10,500,000.

Alumni Personals

DEATHS

The Alumnus extends its most heartfelt sympathies to the friends and relatives of the following Maine men who have passed on to a better world

'77 William Wheeler Dow, for more than 40 years an inspector in the Providence department of public works, passed away in Providence, Rhode Island, January 16, 1931, seven days after he had celebrated his 79th birthday. Mr. Wheeler served as a newspaper reporter before coming to Rhode Island. He is survived by a son, and three sisters.

'90 Notice has just reached the Alumni Office regarding the death of Gilman H. Webber during 1920 in Cleveland, Ohio, as a result of a street car accident in which he was killed.

'06 Carl Cotton, a graduate of Colby College and the University Law School, died on January 14 of this year. Mr. Cotton was head of Pinkerton Academy and superintendent of schools in Derry, New Hampshire.

'09 Leon R. Moor, a native of Ellsworth, passed away on January 7 at the age of 49. Following graduation and up until two years ago, Mr. Moor was employed in the customs service.

'07 The death of Percy Ralph Seaman has been reported as taking place on November 8, 1931, in Boston, Massachusetts. Mr. Seaman was born May 10, 1885.

BY CLASSES

'76 Edward M. Blanding was elected Librarian and cabinet keeper at the annual meeting of the Bangor Historical Society held January 5 in the Bangor Public Library. Mr. Blanding was also elected corresponding secretary, and a member of the committee on library and museum.

'77 Representative Samuel W. Gould of Skowhegan, as the oldest member present, presided at the annual meeting of the Somerset Bar and Law Association held January 12.

'81 REUNION IN JUNE

'82 Dr. J. H. Patten of Bar Harbor was given a reception on December 17, having been recently elected Grand Master of the Grand Lodge, I.O.O.F., of Maine.

'83 REUNION IN JUNE

'84 Dr. E. S. Abbott of Bridgton observed the 47th anniversary of his medical practice by giving a dinner at the Hotel Eastland, January 6, to several of his medical friends.

William R. Pattangall, Chief Justice of the Supreme Judicial Court of Maine, was a speaker at the 11th annual Bowdoin Night of the Bowdoin Club at the Falmouth Hotel, December 30.

'85 George L. Hanscom retired from the pastorate of the Congregational Church of Melbourne, Florida, last year.

He is now residing in Mt. Dora, Florida, and was recently elected Mayor by a large majority. Mr. Hanscom has twice been the Baccalaureate preacher at Commencement.

'88 C. L. Howes, sales engineer and owner of C. L. Howes Co., has written us the following note: "Two years ago I purchased a home at 250 Park Street, North, St. Petersburg, Florida, and now 'vote' here. The latch string runs clear out to street. Sister and self are here 'til about May 1 every winter and at Loon Lake, Hillsboro, N. H., the remainder of the year. I still have an office at 514 Atlantic Avenue, Boston."

'90 Edward H. Kelley is president of the Board of Directors of the Orono Community Center Corp.

'91 Wallace R. Farrington recently returned from a trip to China. While there he attended meetings held in Shanghai, under the auspices of the Institute of Pacific Relations.

'93 Hosea B. Buck was in Washington in January representing the Lumbermen and Landowners Association at a hearing to secure protection of American lumber and pulpwood.

'98 Due to the illness of the president and retiring president of the American Association for the Advancement of Science, it became incumbent on Elmer D. Merrill, vice-president and chairman of Section G (Botanical Sciences), to open the first public meeting and to preside at all Council meetings at the New Orleans meeting of the A.A.S., December 28, 1931 to January 2, 1932, as he was the vice-president present having the longest term of membership in the Association.

'00 Guy A. Hersey of Bangor was elected Illustrious Potentate of Anah Temple at the annual ceremonial held in Bangor City Hall, January 1.

REUNION IN JUNE

Walter J. Sargent was elected chairman of the Council of Brewer under the new City Manager form of government at the recent election.

'01 REUNION IN JUNE

'02 P. H. Mosher is at present Resident Engineer in full charge of the construction of the \$16,000,000 Vehicular Tunnel under Boston Harbor, which will be ready for use about March, 1933.

REUNION IN JUNE

V. A. Putnam was elected to the Board of Directors of the Danforth Trust Company at the annual meeting held January 5.

Royal H. Smith is salesman for Otis Elevator Company at 130 Clarendon St., Boston, Mass. His residence address is 12 Shumway Circle, Wakefield, Mass.

'03 Ralph L. Cooper of Belfast was elected a director of the City National Bank of Belfast at a meeting of stockholders held January 12.

REUNION IN JUNE

Representative Donald S. Snow of Bangor was retained in his place on the Agricultural Committee, as agreed by the Re-

publican Committee on Committees, December 12

'04 Representative John E. Nelson of Augusta of the third district remains in his place on the Interstate and Foreign Commerce Committee as a result of a meeting of the Republican Committee on Committees held December 12.

'05 Justice George H. Worster and Raymond Fellows (1908) were chosen as a book purchasing committee at the annual meeting of the Penobscot County Bar Association, held January 5.

'06 Charles P. Conners, Bangor attorney, has been elected to the School Board of Bangor for a term of three years, under the new form of City Government.

Oscar H. Dunbar of Machias has been appointed receiver of the International Trust and Banking Company at Calais.

James G. Wallace of Ridley Park, Penna., was unanimously selected as Bangor's new City Manager, his term of office beginning January 1.

'07 George E. Lilley is a Lawyer and U. S. Commissioner. His business address is Room 3, Five Cents Bank Bldg., New Bedford, Mass. He is residing at 73 Thomas St., New Bedford.

REUNION IN JUNE

Mr. Lawrence S. Perry is a lawyer at Room 312, Merchants Bank Bldg., New Bedford, Mass., and is residing at 79 Campbell St., New Bedford.

In answering a questionnaire sent him concerning his "hobby, etc.," Stephen F. Pierce has answered as follows: "I don't know that I have any particular hobby but I like to fish, farm and take long auto trips. Am not old enough to play golf but expect that sport will get me sooner or later."

Raymon A. Quint of Limerick, who has been a member of the State Legislature for the past two sessions has announced that he will be a candidate in the next June primaries for one of the Senators from York County. Mr. Quint was one of our loyal alumni who worked hard during the Legislature of 1929 on the successful passage of the Mill Tax for the University.

'08 Raymond Fellows has been elected second vice-president of the Bangor Historical Society at the annual meeting held in the Bangor Public Library, January 5.

Ralph C. Heath has been appointed manager of the Street and Road Department of the Barber Asphalt Company with headquarters at 1600 Arch Street, Philadelphia. This appointment took effect January 1.

Ballard F. Keith of Bangor was elected to the Executive Committee of the Penobscot County Bar Association at the annual meeting held at the Court House in Bangor, January 5.

Charles G. Lewis is a lawyer at 84 State Street, Boston, Mass. His residence address is 35 Harvard Avenue, Brookline.

Frank L. Rawson was reelected president of the Portland Morris Plan Bank at the annual meeting held January 14.

Edward W. Cram was elected a director of the above bank.

'09 George T. Carlisle, Jr., of Bangor, was in Washington in January, attending conferences to secure protection of American lumber and pulpwood.

Preston L. Corson is a telephone engi-

neer with the New York Telephone Company at 1775 Grand Concourse, New York City. His residence address is Pine Street, Babylon, N. Y.

Charles B. Paine is a Public Accountant with Stagg, Mather & Hough at 225 Broadway, New York City. He is residing at Park Drive, Chappaqua, New York.

Horace A. Parker has secured a year's leave of absence from his work in the Bureau of Reclamation to assume the management of The Lower Yellowstone project for the local water users organizations. He has been in charge of this project since 1923, while it was under Government control. On January 1, it passed to private control. He now lives at Sidney, Montana.

Thomas A. Sanders, Secretary of the Federal Loan & Building Assn., is a director of the Mercantile Trust Company in Portland as well as the Portland Morris Plan Bank.

'10 Frank E. Southard of Augusta was named by Governor Gardiner to replace Judge A. F. Tiffin of the Augusta municipal court.

'11 Miss Irene Cousins of Bangor High School faculty, gave a talk before the 19th Century Club in Bangor, December 11. Her topic was "Current Events."

Harry Homans has been elected to the Civil Service commission under the new City Manager type of government in Bangor for an indefinite period.

John Stobie, formerly with Hollingsworth & Whitney, is now operating independently, having developed patents on paper making machinery, and supervises the manufacture of the patents.

Major Sumner Waite, is attending War College in Washington, D. C. He is the only Maine man, so far as we know, who has attended this college. It is rated very highly in educational circles and only a few selected men are chosen to attend.

'12 The reunion of this class will be held in 1934 in accordance with the Dix Plan. This decision was recently reached by its class officers.

William R. Ballou has been elected to the Board of Directors of the Home for Aged Men in Bangor at the annual meeting held January 11.

Robert L. Buzzell of Milford, Republican candidate for representative to the Legislature from Orono and Milford, has filed June primaries nomination paper with the Secretary of State.

Arthur L. Deering, director of extension service at the University, was one of two men from the State of Maine to speak at the New England Conference on rural electrification held in Springfield, Mass., December 30. Mr. Deering was recently appointed a member of the Agricultural Advisory Committee of International College, Turkey. This college is undertaking an activity somewhat similar to the agricultural extension work in Maine.

Fred C. Johnson is with Liggetts Drug Store in Attleboro, Mass. He is residing at 4 Hope Street, Attleboro.

Benjamin C. Kent was elected a delegate to the Imperial Council session of the Shrine, to be held in San Francisco, July 26-28, at the annual January ceremonial held in Bangor City Hall, Jan. 1. At this same meeting, he was elected Chief Rabban of Anah Temple.

Lynwood B. Thompson of Belfast was elected Assistant Rabban of Anah Temple and was also elected a delegate to San-

Francisco.

Charles C. Larrabee is New Hampshire Representative for H. K. Webster Grain Company of Lawrence, Mass. He is residing at 32 Pine Street, Laconia, N.H.

Luther S. Russell and Miss Pauline M. Hartshorn were married in South Portland, December 24. They are residing at Kent's Hill.

Rollins A. Seabury is Captain of the R.O.T.C. Band, Roosevelt High School, Chicago, Ill. His residence address is 1573 Thacker Street, Des Plaines, Ill.

'13 Dr. Forrest B. Ames was elected a member of the Bangor School Board under the new form of City Government.

Elwood W. Jennison was elected mate of the Conduskeag Canoe and Country Club at its annual meeting held January 11.

Luther B. Rogers is a Field Engineer in the Transportation Eng. Dept. of the General Electric Co., Erie, Pa. He is residing at Wilmington Y.M.C.A., Wilmington, Delaware.

'14 Hermon R. "Reddy" Clark, received his M.S. from Massachusetts State College last year. For a thesis he worked with Dr. Johnson O'Connor of the General Electric Co., with the "Wiggly Block," Mechanical Aptitude Test.

O. B. Higgins is vice-president of traffic, National Carloading Corporation, Pier #2, North River, New York City. He is residing at 1 Brunswick Road, Montclair, N. J.

Mr. and Mrs. Albert L. Kavanagh (Mary F. Leonard) announce the arrival of Mary Elizabeth on November 16, at Lewiston.

Martin A. Nordgaard has taught graduate courses in the History of Mathematics and Teaching of Mathematics at the U. of Iowa summer schools for the last few years and will teach the same next summer. He has written an article, or a signed contribution, on the different systems of logarithms for the *Colliers Encyclopedia* published recently.

Harvey R. Pease of Wiscasset was elected clerk of the First Congregational Church corporation of his town at the annual meeting held January 6.

W. R. Thompson of Caribou has been appointed Organizer of the Cooperative Marketing Association in Aroostook County.

Wayland D. Towner is now connected with the American Social Hygiene Association as Associate Director. His business address is 450 Seventh Street, New York City.

'15 Douglas M. Beale is Treasurer of the Orono Community Center Corp.

Robert P. Clark of Lincoln is in Bangor for the winter months. He is an insurance salesman.

Preston M. Hall of Worcester, Mass., who is working with the Taylor, Hall Welding Company, 99 Hope Ave., has developed the new welded bar used in the latest type of Weed Chains.

Lloyd H. McFadden was reelected Mayor of Auburn by an almost 2 to 1 majority in Auburn's biennial municipal election held December 9.

Harvey P. Sleeper, Protection Engineer with the Public Service Corp., Newark, N.J., as Editor-in-Chief, has recently edited a new edition of the National Electric Light Association's "Relay Handbook and Supplement." This book is used by the light and power industry as

A
D E M O C R A C Y
I N I N D U S T R Y

IN THE PAST TEN YEARS the number of Bell telephone calls made daily in this country has doubled.

The American people do not double their use of anything unless it returns a dollar's worth of value for each dollar spent.

A telephone in your home costs only a few cents a day. Yet it brings to your service the use of billions of dollars' worth of property and the efforts of hundreds of thousands of skilled workers. Fair pay to the workers and a modest profit on this property is all you pay for. There are no speculative profits

in the Bell System. Everyone, from the president down, works for salary and pride of achievement.

More than six hundred thousand people are shareholders of the American Telephone and Telegraph Company. There are shareholders in every state of the Union. About half of them are women. One out of five is a telephone employee. But no one owns as much as one per cent of the stock.

The Bell System, in the best sense of the word, is a democracy in industry . . . operated in the best interests of the people who use it.

AMERICAN TELEPHONE AND TELEGRAPH COMPANY

the source of authority on Relay Protection. Mr. Sleeper has taken an active part in protection engineering since graduation from the University and is now one of the internationally known authorities on this subject.

Capt. Loren P. Stewart, professor of Military Tactics and Science at the University, was the guest speaker before the Old Town Rotary at its weekly luncheon held December 17. Capt. Stewart spoke on Alaska.

'16 George F. Eaton was elected a councilman of Bangor for a two year term at the City Councilor's election held December 7, 1931. Mr. Eaton is a practicing attorney with offices in the Eastern Trust Bldg.

A. L. "Bob" Robinson, who for the past four years has been located in Houlton in charge of the Aroostook territory for Wrenn Brothers and Company, investments, has been transferred to Bangor, still being in full charge of the Aroostook territory. His residence address is 19 Ohio Street.

Guy C. Palmer is in the Veteran's Hospital at Rutland, Mass.

Frederick Robie represented the Governor at the dedication of the new gymnasium at the Gorham State Normal School, December 11, 1931.

'17 Daniel E. Green is now a salesman in Bangor, handling Packard automobiles.

Flora A. Howard is in charge of personnel and employment at Sears, Roebuck & Co., in Buffalo, N. Y.

John H. Magee, manager of the J. F. Singleton Company, is the author of an article featured in the January edition of "The Local Agent," a trade journal of the insurance business, published in St. Louis. The title of the article is "An Agent's Key to a Closed Door."

Mrs. Charles L. Morton (Aleida Little) was chosen president of the Ta Kala Society of the Congress Square Church of Portland at the annual meeting held January 5.

Edward A. Perkins is an assistant Electrical Engineer with Tenney Co., at 38 Chauncy Street, Boston, Mass. He is residing at 208 Willow Street, West Rox-

bury.

F. Owen Stephens of Auburn was elected to an office in the Kora Temple of the Mystic Shrine at the annual meeting held January 9, in Lewiston.

'18 George J. Adams is Safety Supervisor of the International Pulp & Paper Company. He is residing at 10 Vanostrand Court, Little Neck, Long Island.

Columbus E. Lord is an Architectural Draughtsman at Room 411, 60 Battery-march Street, Boston, Mass. He is residing at 36 Greenwood Street, Hyde Park, Mass.

James L. Morse was elected a director of the Bath Trust Company at the annual meeting held January 12.

Frank P. Preti of South Portland was nominated judge of the South Portland municipal court by Governor Gardiner on December 18.

'19 REUNION IN JUNE

George H. Cheney is with the E. I. DuPont de Nemours Company, Jackson Laboratories, Carney's Point, New Jersey.

Frank E. Donovan, formerly manager of the United Paper Company of East Braintree, has joined the staff of the Robert Gair Company. He will devote his time to the promotion of special paper-board products.

L. E. Merrow is Superintendent of Production of Rockland Light & Power Company, Middletown, N. Y. He is residing at 117 W. Main St., Middletown.

George M. Millard is employed as a Chemist and is residing at 98 Fourth St., Old Town.

Mrs. Dorothy P. Yates (Piper) is a Registered Nurse. Her residence address is 1209 West 31st Street, Los Angeles, Calif.

'20 REUNION IN JUNE

Donald S. Laughlin of the Thomas Laughlin Company is a director of the Casco Mercantile Trust Company of Portland.

Ralph V. Sinnett is Associate Professor of Chemistry at Ohio Wesleyan University, Delaware, Ohio. He is studying for his Ph.D. degree at Ohio State University in Columbus. His residence address is 95 Oak Hill Avenue, Delaware, Ohio.

'21 REUNION IN JUNE

'22 REUNION IN JUNE

John T. Quinn is on the Board of Directors of the Bangor Kiwanis Club.

'24 Mr. and Mrs. A. F. Eastman (Ruth Weeks, 1925) of Englewood, N. J., announce the birth of a daughter, Elizabeth Jean, June 13, 1931.

The engagement of Miss Doris W. Smith to Harold L. Durgin of Boston was announced recently. The wedding will be in the spring, after which they will live in Boston.

'25 The engagement of Miss Melissa C. Farnham to Philip T. Carroll of Southwest Harbor was announced December 12, the date of the wedding has not been named. Mr. Carroll conducts a drug store in Southwest Harbor. Prior to the last session of the Maine Legislature, Mr. Carroll was at the State House for a number of sessions, acting as clerk of committee.

Cecil J. Cutts of Bath recently passed the examination, making him a member of the Western Maine District of Basketball Officials.

Robert N. Haskell, vice-president of the Bangor Hydro Electric Co., gave a very interesting talk before the Student Branch of the American Institute of Electrical Engineers on January 14. Mr. Haskell's subject was "Financing of Public Utilities." He was recently elected vice-president of the Bangor Kiwanis Club.

Harold E. Pressey, after graduating in medicine from Harvard Medical School and spending 20 months as interne on the Second Medical Service of the Boston City Hospital, has opened an office at 79 Pine Street, Bangor, specializing in internal medicine.

Rudy Vallee was recently made an honorary member of the Westbrook Kiwanis Club, because of "his great achievements in the radio world, his love of Westbrook and its people, and his close affiliation with the Westbrook Kiwanis Club." He was officially notified at a testimonial dinner given him by the Portland Lodge of Elks on December 27.

'26 To Mr. and Mrs. Arthur W. Brewster there was born a son, David Arthur, on September 19, 1931. Mr. Brewster is associated with the John W. Eshelman Company of Lancaster, Penna. His residence address is Box 11, Colvin Station, Syracuse, N. Y.

Mrs. Earle D. Crawford (Marjorie Myers) left Orono December 8 to join her husband in Panama. Mr. Crawford is engineer for the United Fruit Company.

Miss Marion C. Eaton is teacher of Latin at Ridgewood High School, Ridgewood, N. J. She is receiving mail at 56 Franklin Avenue, Ridgewood.

'27 Mr. and Mrs. Ralph H. Allee (Ruth Hitchings) have a son two months old. Mr. and Mrs. Allee returned to Smyrna, Turkey, in December.

Enna W. Fowler is teacher of Latin at South Portland High School. Her residence address is 11 Southwell Avenue, So. Portland.

Harry A. Hartley is assistant chief draftsman of the Detroit Stoker Company. He has been in the employ of this company for four years. The nature of his work consists of design and developing installation drawings for erection purposes.

Bernard T. Poor and Miss Hazel E. Moore of Malden, Mass., were married on September 19. Mr. Poor is now an Industrial Service Engineer with the Fall River Gas Works Company, Fall River, Mass. They are residing at 8 Knox St. in that city.

John A. Redlon, Jr. is a civil engineer with the Pacific Tel. & Tel. Co., Los Angeles, Calif. His residence is 949 N. Ridgewood Place, Los Angeles.

'28 Clarence M. Flint of 1059 Wendall Avenue, Schenectady, N. Y., was married Saturday, December 12, to Miss Elizabeth L. Timeson in Schenectady.

Frank W. Marr is with the New York Telephone Company, West St., New York City. He is residing at 102 McKinley Ave., Dumont, N. J.

Forrest W. Meader is Traffic Superintendent with the New York Tel. Co., 8223 Broadway, Elmhurst, N. Y. He is receiving mail at 57 St. Pauls Place, Brooklyn, N. Y.

Earl S. Tibbetts is an agent for Metro-

Have You?—Can You?

PLANS FOR EUROPE THIS SUMMER

EDUCATIONAL TOURS

TOURS through the Old World, planned to fully realize the exceptional educational and cultural values of travel, are offered by the Intercollegiate Travel Extension Service of the American Express Company. They include the major artistic, scientific and social problems of vital interest to modern men and women. An educational director, an authority in his field, will accompany each tour. On some of these tours it is possible to gain academic credit, which makes them of especial value to teachers and students.

The appeal of these tours is by no means limited; all are welcome who are interested in the purpose and aims of these unusual travel offerings. Here is an opportunity long awaited by alumni, advanced students and all intelligent travelers—a pleasant summer in Europe combined with intellectual and esthetic pleasures and benefits.

1. **Music Lovers' Tour**... Educational Director, Prof. V. Moore, University of Michigan... Sail on "Olympic" July 1, return on "Homer" Aug. 24... price \$798.

2. **Education Study Tour**... Director, Dr. Thomas Alexander, Teachers College, Columbia University... Sail on "General von Steuben" June 30, return on "Europa" Sept. 7... cost \$760.

3. **Social Welfare Tour**... Director, Dr. Thomas Alexander, Teachers College, Columbia University, assisted by Mr. John W. Taylor of Raleigh Public Schools... Sail on "General von Steuben" June 30, return on "Europa" Sept. 7... rate \$760.

4. **Agricultural Tour**... Director, Dr. C. E. Ladd, Cornell University... Sail on "Olympic" July 1, return on "Pennland" Sept. 4... price \$800.

5. **European Industries Tour**... Director, Prof. N. C. Miller, Rutgers University... Sail on "Westernland" July 1, return on "Lapland" Aug. 29. 7-day extension tour to England, re-

turning on the "Baltic" Sept. 5. Cost \$681 for main tour, \$88 for English Extension.

6. **Architectural Tour**... Director, Prof. W. M. Campbell, University of Pennsylvania... Sail on "Conte Grande" June 28, return on "Statendam" Sept. 3. Price \$882.

7. **Art Tour**... Director, Prof. Charles Richards, Oberlin College... Sail on "Olympic" July 1, return same steamer Aug. 30... rate \$775.

8. **Psychological Residential Study Tour**... Director, Prof. Henry Beaumont, University of Kentucky... Reside in Vienna one month and attend University. (Lectures in English.) Sail on "Westernland" July 1, return on "Majestic" Sept. 6... cost \$645.

9. **Anthropological Tour (To New Mexico)**... Director, Prof. Paul H. Nesbitt, Curator, Logan Museum, Beloit College... Tour leaves Kansas City Aug. 1, returns to that city Aug. 22. The cost ranges between \$440 from Kansas City, to \$502 from New York. (Write in for individual tour booklets, giving all necessary information)

"TRAVAMEX" TOURS OF EUROPE

Travel independently, a new economical way—at a cost of about \$9 a day while in Europe. Choose from among 10 alluring itineraries, ranging from 15 days at \$133, to 35 days at \$332.50. (Time and cost exclusive of ocean voyage.) Send for interesting booklet, with maps.

"AMEXTOURS" OF EUROPE—If you prefer an escorted tour, there are 31 varying tours, all interesting and carefully planned, and priced to fit modest incomes. They start from a 25-day tour at \$278, including all expenses. (Write for literature.)

Independent Travel Arranged, No Matter Where You Wish to Travel, American Express Service Will Smooth Your Pathway!
IT IS IMPORTANT TO BOOK EARLY!

"EYES" THAT GUIDE AIRCRAFT

SPEED with safety and dependability is the essence of airplane service. To-day's ship is safer in fog and darkness. Its "eyes" are in its instruments, and the equipment of a new monoplane recently purchased by General Electric is unique in that the instrument panel is almost completely electrified.

The ship is equipped with many electric devices: automatic steering, radio apparatus for communication and contact with directional radio range beacons, and a sonic altimeter to give accurate indication of height above the ground, regardless of visibility. The 300-horsepower engine is equipped with a G-E supercharger.

Other General Electric apparatus on the ship

includes an electric engine-temperature indicator and a selector switch, a magneto compass, a card compass, a drift indicator, a turn indicator, a tachometer, an oil-temperature indicator, an oil-pressure indicator, a voltammeter, control pulleys, landing lights, and an oil immersion heater.

These developments in air transportation were largely the accomplishments of college-trained engineers who received preliminary experience in the Company's Testing Department. Hundreds of college graduates join the ranks through this department, which trains them for electrical leadership on land, on sea, and in the air.
